ENGAGEMENT CASE STUDY

Revolutionizing Success: How Trangile's Oracle Fusion Cloud ERP Expertise Cut Costs by 40% for a Multidisciplinary Giant

Introduction :

As a Digital Transformation Company, presenting case studies of innovation, implementation and collaboration with our valued customers.

Client Overview :

Founded in 1948, the client represents major global companies and operates across diverse industries, including automotive, electronics, economics, industrial, investment, and more. Headquartered in Kuwait, their operations extend to Europe, the United States, and Asia.
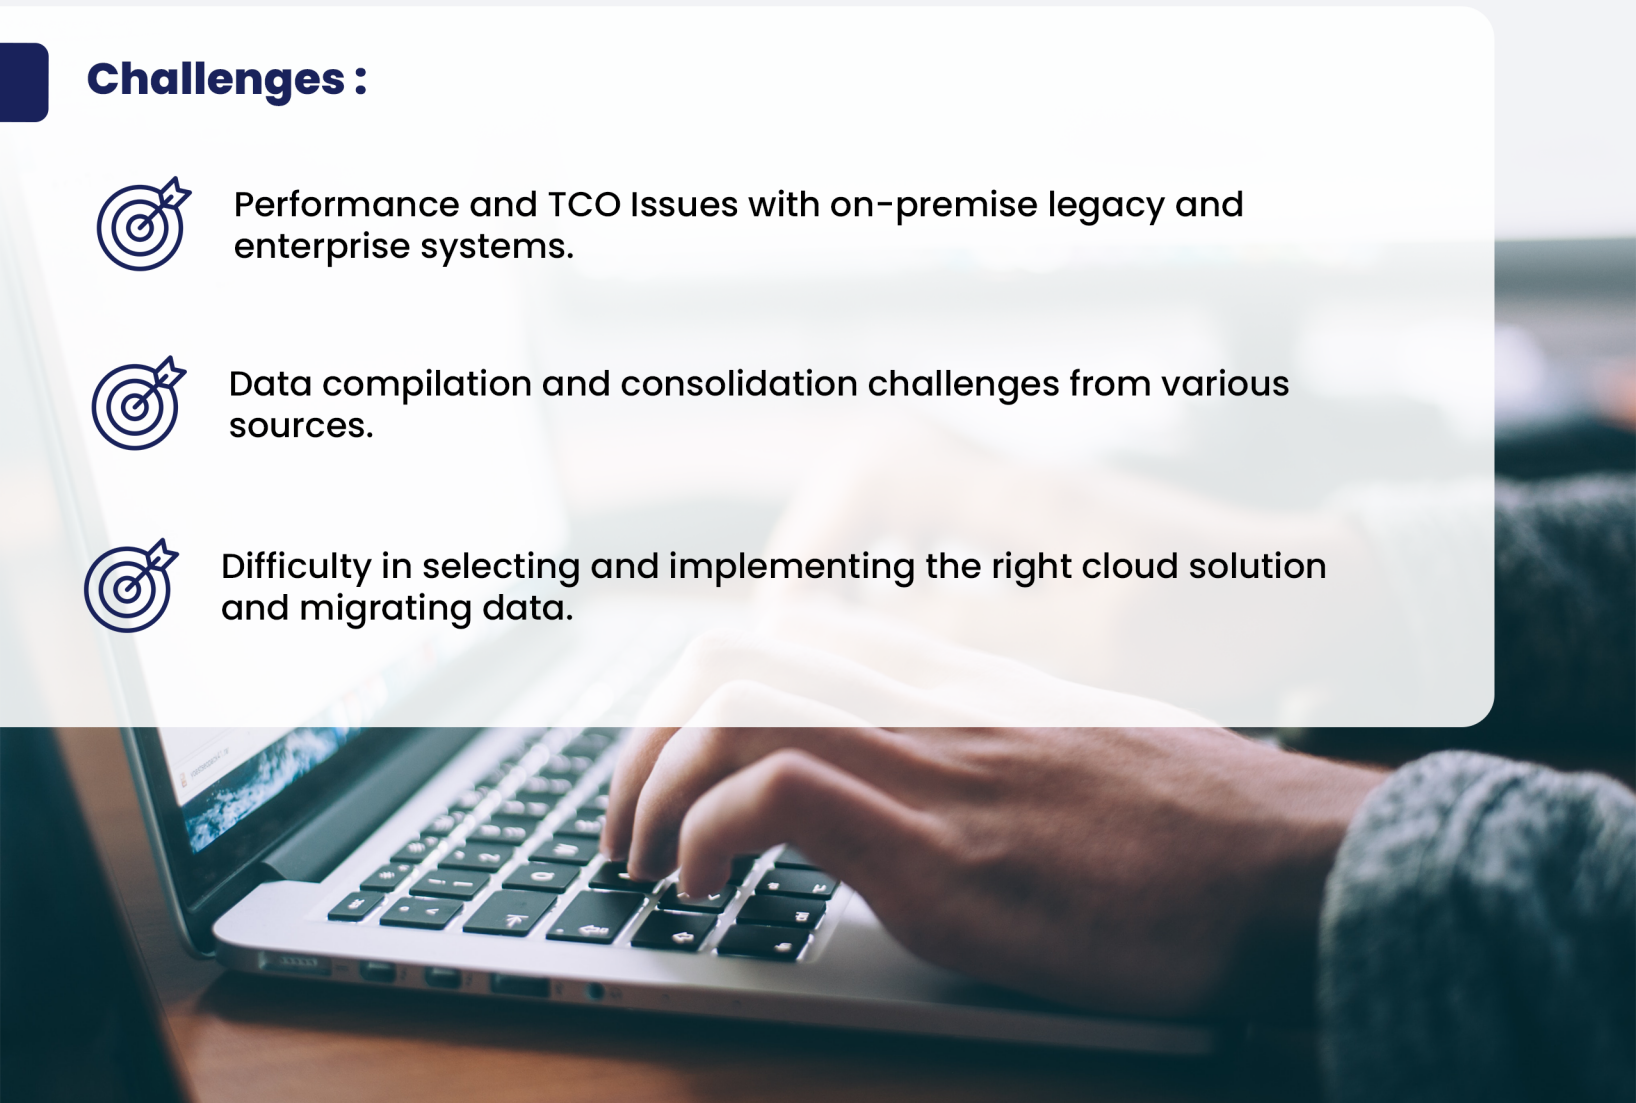

Challenges :

- Performance and TCO Issues with on-premise legacy and enterprise systems.

- Data compilation and consolidation challenges from various sources.

- Difficulty in selecting and implementing the right cloud solution and migrating data.

Our Solution :

- ☑ Implemented Oracle Fusion Cloud ERP to synchronize offline data and migrate legacy data to the cloud.

- ☑ Integrated in-house legacy applications for seamless data flow.

- ☑ Configured role-based dashboards for efficient issue resolution and Data integration.

Technologies Used :

- Oracle Fusion Application as the core ERP system.

- Financial Accounting Hub (FAH) for data consolidation.

- Oracle E-Business Suite & Database for legacy application integration.

Benefits Achieved :

- ⊕ Innovative reporting platform for advanced insights.

- ⊕ Extensive spreadsheet integrations for streamlined finance functions.

- ⊕ Proactive issue resolution through automated processing.

- ⊕ Fine-tuned operations, reducing costs and data entry errors.

Results :

40% reduction in Total Cost of Ownership (TCO) for ERP

Conclusion:

The successful implementation of Oracle Fusion Cloud ERP enabled the client to overcome performance and TCO challenges associated with legacy systems. Consolidation of data, proactive issue resolution, and seamless integrations resulted in enhanced efficiency and significant cost savings. The client can now thrive across various multidisciplinary fields with an efficient and scalable ERP solution.
